

## Year-End Forms, Simplified

Streamline processing and distribution with Greenshades

### File Year-End Forms with Ease

The production and distribution of W-2s, 1099s, 1095-Cs, and other forms add extra work during an already busy season. Greenshades takes the stress out of year-end filing — making the process faster, simpler, and more accurate for your team.

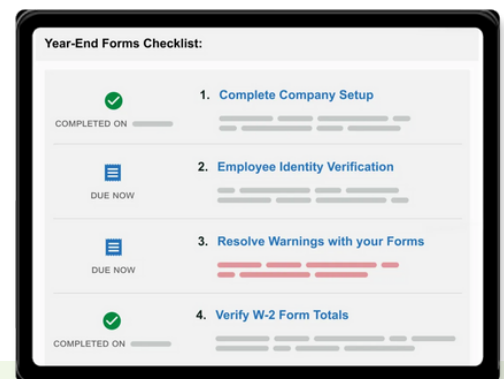

- ✓ **Streamlined processing** — Manage W-2s, 1099s, 1095s, and other forms in one secure solution.
- ✓ **Flexible distribution** — E-file with agencies, provide employee self-service access, or print and mail forms.
- ✓ **Confident compliance** — Validate SSNs with the SSA and TINs with the IRS to reduce errors.
- ✓ **Employee empowerment** — Give employees anytime access to forms and transfer data to popular tax preparation software.

**Greenshades processed 3.8M forms for year-end 2024.**

### Distribution Made Easy

Easily distribute year-end forms to federal agencies and employees — all from within Greenshades. Submit filings directly to federal agencies, download e-files when needed, or use traditional print and mail distribution.

- **Save time** — Import form data directly from Greenshades Payroll, supported ERPs, or Excel templates.
- **Stay compliant** — Meet filing requirements automatically with built-in updates to the latest rules.
- **Be prepared** — Archive your form data annually to simplify audits and maintain compliance.

**Close the year confidently with Greenshades Year-End Forms.**
